

Your cooperative giving to the MBA allows us to provide the basic resources needed to conduct an *Evangelistic Party* in any Mobile County community. We provide access to these trailers to help MBA churches maximize their outreach budget and help some that would not otherwise have the resources to conduct an evangelistic event. Our goal is to have *Evangelistic Outreach Events occurring every weekend somewhere in Mobile County*

The \$100 per use rental donation is to help offset the cost of the EPTs (there are \$100 worth of New Testaments and tracts included in each rental). The additional \$100 refundable deposit became essential to improve the cleaning and repacking of the trailers. Those funds are used to repair, replace and clean if the church using it failed to do so properly. Scholarships may be available for any church that cannot afford the rental fee. It is estimated the contents of the trailer would rent for \$1,500 a day. Any additional contributions you wish to make will go toward adding additional items in the trailers, repairing equipment as needed, and purchasing additional trailers. You can also provide a scholarship for a smaller-membership church to use a trailer. The demand for the trailers prevents our taking them outside of Mobile County or use by non-MBA churches. We refurbished the trailers in May 2011.
