

METRO MOBILE

BAPTIST CAMPUS MINISTRIES

LOOK WHAT GOD IS DOING

Metro Mobile Baptist Campus Ministries is exciting about what God is doing on our campuses and in our Mobile Baptist Association churches in the Metro Mobile Area.

Opportunities to share Jesus— The semester ended on our campuses with great opportunities to share Christ. Up until the last week of classes God was giving us opportunities to share with and grow collegians.

Opportunities to meet Freshmen and parents— Campus Ministers Jerrod Brown and Shannon Hughes have had the incredible opportunity to meet hundreds of parents and students (both Christian & non-Christian) during Freshmen Orientation sessions on the USA campus. We praise God for the favor He has shown us in allowing us the channels to connect with students.

Summer Ministry— Summer is a time of evaluation and planning in Campus Ministry, but it is still a time of ministry as well. Jerrod and Shannon have continued discipleship relationships with about 40 students and find increased opportunities to connect with faculty and staff.

Church Connections—the summer is a great time to connect with our MBA churches and staff. Both Jerrod & Shannon have been able to connect with, worship with, and fellowship with many of our congregations. We are seeing opportunities to offer training, ministry teams & ministerial support growing. Our desire is for each MBA Church to see that they can reach collegians in the congregation and community.

Metro Mobile BCM has developed the community ministry arm of their ministry into "Hope for the City". This emphasis seeks to engage collegians and High School Students in missions and ministry right here at home. We seek to see students put hands and feet to the Gospel and offer the HOPE

of Jesus Christ to a lost and hurting world. Our 1st effort will be our HOPE IMPACT PROJECT on October 23rd and 24th, 2010. This FREE Two-Day Missions Experience will be open to all HS Juniors, HS Seniors, College Students and their leaders. We will adopt a school, head start center or community center to bless with workers on Saturday and sponsor and evangelistic Block party in that community of Sunday afternoon. Email us for details or find us on Facebook at "Hope for the City".

If you, your missions group or your congregation would be interested in learning more about Baptist Campus Ministries or would like to schedule a Collegiate Ministry training in your congregation, please contact us:
